

NATURAL RESOURCES AND ENVIRONMENTAL LAW GRADUATE CERTIFICATE

The Natural Resources and Environmental Law Graduate Certificate introduces law students, graduate students, and natural resources professionals to the legal regimes regulating the use and management of natural resources, and the prevention and remediation of pollution. This certificate better prepares lawyers and non-legal professionals to work with and as resource managers, agency scientists, ranchers, foresters, or other professions that extract, allocate, manage, or conserve natural resources.

All required coursework must be completed with a grade of B- or better (O-10-b (<https://catalog.uidaho.edu/general-requirements-academic-procedures/o-miscellaneous/>)).
