**Progress in Satisfying These Requirements**

Students who wish to graduate by the end of four years of college work should take a program that results in substantial progress toward the fulfillment of the preceding requirements by the end of the sophomore year. In particular, students seeking the B.A. degree should take courses in fulfillment of the foreign-language requirement as early as possible. If they cannot do this during the first semester, they should immediately take a course that can be used in partial fulfillment of the science-mathematics requirement.

**Graduate**

The College of Graduate Studies offers work toward advanced degrees in many disciplines in CLASS. Work leading to a master’s degree is currently available in the fields of anthropology, creative writing, English, history, music, philosophy, political science, psychology, public administration, and theatre arts. The degree of Doctor of Philosophy is available in history, philosophy, political science, and psychology. For specific degrees available, see the list of programs compiled in the General Catalog.

**General Studies**

The College also serves those students who have not decided upon a particular program of study by providing a course of study and degree that allow students to complete their general education requirements and explore a broad-based university curriculum without specialization. For details, see the program in general studies.

**Non-degree**

A non-degree program is offered in which each student’s course of study is worked out to meet his or her special needs. The program is intended primarily for students who:

1. do not plan to obtain degrees at the University of Idaho,
2. plan to transfer to other institutions, or
3. have objectives that are not provided for by any of the established curricula in the College.

**Interdisciplinary Studies**

Students who have educational goals that necessitate work in several disciplines or departments may present an interdisciplinary curriculum for the B.A. or B.S. degree. For details, see the program in interdisciplinary studies.
