The degree map is a guide for the timely completion of your curricular requirements. Your academic advisor or department may be contacted for assistance in interpreting this map. This map is not reflective of your academic history or transcript and it is not official notification of completion of degree or certificate requirements. Please contact the Registrar’s Office regarding your official degree/certificate completion status.

1. The student will demonstrate knowledge of biological and cognitive bases of behavior.

2. The student will demonstrate knowledge of developmental, personal, and social bases of behavior.

3. The student will apply psychological theory and research to real-world contexts.

4. The student will recognize importance of respect for members of diverse groups with sensitivity to issues of power, privilege, and discrimination.

5. The student will critically evaluate information by applying psychological research and statistical principles.
