DEPARTMENT OF THEATRE ARTS

Theatre is a liberal art as well as a fine art. The programs offered by the Department of Theatre Arts are designed to encourage the development of the whole person, which is a hallmark of a liberal arts education.

We offer a supportive environment where individuals may achieve their full potential as independent creative artists and compassionate people. Our programs promote knowledge, critical thinking, and creative problem solving. As students explore diverse theatre traditions, they gain a deeper understanding of themselves and their role in society. As they participate in the creative process of theatre production, they develop the teamwork and communication skills they will need as effective and successful members of society.

Career prospects for theatre students are vast and varied. Theatre Arts degree graduates find employment in professional theatre, film, television, virtual technology, education, arts management, art therapy, marketing, and other fields. The department’s program of study also offers a solid foundation for competitive placement in distinguished graduate programs.

The M.F.A. is also the terminal degree expected for individuals relocating to continue their graduate study toward their terminal degree. Admission requires a minimum of 3.0 GPA, a statement of goals, three letters of recommendation, and a portfolio of design work or a 4-6 minute audition tape. A limited number of graduate assistantships are available for qualified candidates.

M.F.A. in Theatre: Distance-Delivery Format

The department also offers our M.F.A. program via our unique distance-delivered format. The department also offers the curriculum for our M.F.A. program via our unique distance-delivered format. This format is designed for place-bound graduate students who are working professionals and unable to relocate to continue their graduate studies toward their terminal degree. We offer the distance-ed option in the following areas of emphasis: design, technology and management (DTM), directing, dramatic writing, and theatre pedagogy.

Theatre Facilities

The department has two theatre venues as well as a performance studio that is used for productions, rehearsals, and classrooms. The elegant 417-seat Hartung Theatre features a semi-thrust proscenium stage, new digital lighting, and fully-equipped shops for scenery and costume construction. The Forge Theatre is an intimate 100-seat performance studio, equipped for flexible staging, including theatre-in-the-round. The 50-seat Pocket Playhouse is used for both productions and as a class laboratory.
