CHEMISTRY (M.S.)

Master of Science. Major in Chemistry.

1. Thesis option: General M.S. requirements apply. At least one credit must be earned in CHEM 501 Seminar.

2. Non-thesis option: A minimum of 30 credits in course work is required and must be divided among the following:
   a. 20 credits in chemistry courses numbered 500 or above (including one credit in CHEM 501 Seminar);
   b. 10 credits in chemistry courses numbered 400 or above, or related courses numbered 300 or above. A written and/or oral examination that covers graduate course work must be taken during the final semester in residence.
