Most health professions schools do not require a specific degree for admission. Instead, students are encouraged to select a major in an area that reflects their interests and aptitude, and then simultaneously complete prerequisite coursework for admission to their school(s) of choice. The Pre-Health Professions minor includes coursework that most health professions schools will expect applicants to have completed prior to admission. Requirements do vary between programs; therefore, students should be certain to check specific requirements at their schools of most interest.

Select one of the following sequences: 4

- CHEM 101 Introduction to Chemistry
- CHEM 111 General Chemistry I

Select at least 10 credits from the following: 10

- BIOL 114 Organisms and Environments
- BIOL 115 Cells and the Evolution of Life
- BIOL 227 Anatomy and Physiology I
- BIOL 228 Anatomy and Physiology II
- CHEM 112 General Chemistry II
- CHEM 277 Organic Chemistry I
- CHEM 278 Organic Chemistry I: Lab
- ENGL 317 Technical Writing
- PHYS 111 General Physics I
- PHYS 211 Engineering Physics I

Total Hours 20

Courses to total 20 credits for this minor

1. CHEM 111: Strongly encouraged as most health professions schools require general chemistry for science majors.
2. PHYS 111/PHYS 111L, PHYS 211/PHYS 211L: May be used towards the completion of this minor.
