CORS 205-297 Integrated Science
Credit arranged
Gen Ed: Natural and Applied Sciences
Interdisciplinary, thematically-based courses intended to provide the student with the skills to analyze and evaluate scientific claims and to make intelligent scientific and social decisions. Among the topics addressed are the impact of science on society and the ethical dilemmas and moral consequences of scientific research. All themes/sections emphasize discussion, collaborative work, and the conduct of science, though not necessarily in a formal lab setting. See the online Class Schedule for specific course titles being offered each semester.
