

MOVEMENT SCIENCES (MVSC)

MVSC 2010 Survey of Health, Fitness, Sport, and Wellbeing (3 credits)

General Education: American Experience, Social and Behavioral Ways of Knowing

This course examines the dynamic interaction among society, health, sport, fitness, and wellbeing. It teaches skills necessary for affecting health-related behavior for individuals, communities, and society in our contemporary world. It teaches the basic principles of program development and management in relation to physical activity, nutrition, fitness, sport, and wellbeing and career pathways within the field. Typically Offered: Fall, Spring and Summer.

MVSC 4040 (s) Special Topics (1-16 credits, max 99)

Credit arranged

MVSC 4300 Activity and Health in Movement and Leisure Sciences (3 credits)

Cross-listed with RSTM 4300

Joint-listed with MVSC 5300, RSTM 5300

This course familiarizes students with contemporary research and professional applications of activity in relation to health and wellness using a variety of perspectives in movement and leisure sciences and related disciplines. Typically Offered: Fall.

MVSC 4450 Internship Preparation and Professional Development (1 credit)

This course explores the different factors that go into finding, obtaining, and getting the most out of an internship. Emphasis is placed on such skills related to understanding the student's chosen field/career path, professionalism, communication, and dealing with adversity in the work place.
