

ACADEMICS AND ADVISING

Academic advising is one of the cornerstones to a successful student experience at the University of Idaho. Whether you are a faculty or staff member looking for guidance on advising your students or a student looking for academic advising on everything from choosing a major to career goals, our staff in academic advising can help. At the University of Idaho, academic advising is performed at the department or college level. Students are assigned an advisor by the college or department for the major(s) a student has declared.

Academic and advising resources include the following:
